

**REMARKS**

Claims 1-11 have been allowed in the application.

Claim 5 has been amended to correct a typographical error as the TG of flexible polyol b) should read "Tg of -100 to 25°C."

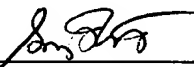

The amendment is necessary to have Claim 5 read consistently with Claim 1 and is supported at, for example page 11, line 15 of the specification.

No new matter has been added by way of these amendments.

Applicants request the entry of the amendments so that the claims read properly. Entry of this amendment is requested.

Respectfully submitted,

By

Gary F. Matz
